25-0031-FOIA	McCullough, Irvin	Government Accountability Project	11/25/2024	11/25/2024	From June 1, 2023 through January 1, 2024, I request a sample of 10 completed FOIA case files from your office's FOIA tracking system where scope clarification occurred. Each case must have all of: (1) a written agency response seeking clarification about the scope of records sought; (2) a written requester response that clarified the request; (3) a final determination letter; and (4) a case closure date within the specified date range. For each of these 10 case files, I seek only: (1) the initial FOIA request; (2) the agency's scope clarification letter (or email or similar record); (3) the requester's clarification response or the request as it was ultimately processed; (4) and the final determination letter. <input type="checkbox"/> Specifically, for a sample of requests where clarification was needed, I'm looking for the original request, the rationale for clarification, and the clarified request. I am studying how agencies and requesters work together to clarify and refine requests, so I need only the substance of these communications, not any personally identifying details.	02/04/2025	Closed

25-0063-FOIA	Bennett, Jim	-	01/29/2025	01/30/2025	<p>John A Bennett deceased, retired after 50yrs in aerospace communications field, Sr. Communications Engineer, I'm his son & Sp. Administrator for the Bennett Estate & waiting for appointment as Co-Trustee of The Bennett Trust</p> <p>I need the records of ownership & distribution records describing my father's interests in the contracts & company plans & the shareholder benefits & stock options distributed to him from Honeywell, Allied Signal, BAE & Mori & Associates & other employers. I've requested & my atty has subpoenaed these companies & no record of my father being distributed or purchased the Hon Stock, that I have since received as beneficiary, or any other stock distributed to owners of record through acquisitions, mergers or change of ownership he received has been provided. I have a Duty to account for all of my father's interests & I suspect the Executor & her Atty have administered my father's Estate in bad faith & haven't accounted for all the assets they received. I can't petition for recovery or surcharge without knowing the interests of my father, if they were distributed, still being held or escheated. My father's Estate contained bonds & promissory notes that are unaccounted for & the Executor has procured a Medallion Stamp but hasn't disclosed what asset or transaction it was authorizing. The Executor liquidated my father's 401k accounts in 2022 after they were transferred to the Estate in 2021 which was not reflected in the Estate's 2021 returns, without court order & incurred an accelerated tax liability of \$800k+, no taxes were withheld from the Honeywell 401k, taxes were withheld from BAE 401k. The executor refused to file the Estate's return or pay the liability when due for 2022. The Ca Probate court approved of the Estate's distribution before the taxes were paid, I'm working with the IRS to satisfy the liability. I need to know if any transactions identified by SS of my father, EIN of Estate or Trust have been conducted from Jan 2021 to date, if any stock options were exercised, transfers of ownership, redemptions of coupons etc that would require a Medallion stamp to complete. Honeywell didn't follow Plan Policy when it was discovered my father didn't name a beneficiary of his 401k if they had they would have prevented the liquidation of the account, I believe providing the record I've requested would expose them to a liability for not following Plan Policy resulting in the 401k liquidation in bad faith by the executor. I tried contacting the DOL regarding this also, after my initial contact I was told an email address or a link would be sent to upload documents it was not received & my messages since have not been responded to. I don't understand why my father's records showing his interest provided through his service in the aerospace sector are not being provided I have a right & a duty to obtain them that is being denied I need records from IRS, Treasury, DOL, SEC, FTAC etc because Honeywell refuses to provide the records of my father's interests to identify what interest has not been accounted for by the Executor for fear of exposing the company to a liability by not following Plan Policy for my father's 401k account.</p>	02/06/2025	Closed

Schedule P/C is the schedule in the excepted service created by President Trump's Executive Order No. 14,171, 90 Fed. Reg. 8,625 (Jan. 20, 2025). According to a January 27, 2025, memorandum, OPM instructed federal agency heads to submit interim recommendations for reclassification of positions into Schedule P/C on or before April 20, 2025. These petitions would likely have been submitted to OPM via email at employ@opm.gov with the email header reading "SUBJECT: Schedule Policy/Career" and no later than Sunday April 20, 2025. We are doing something similar at the University of California Davis using Waymo's datasets to do something similar. I was wondering if I could have access to your raw data for the traffic cameras or your model's criteria if possible?□</p> <p>Additionally to this, if you have any datasets displaying human behavior that would be beneficial to our research and that you are allowed to share, I would greatly appreciate it if I could have access.</p>	06/18/2025	Closed

25-0189-FOIA	Heywood, Ellinor	The Protect Democracy Project	08/22/2025	08/22/2025	<p>1. From January 27, 2025, through the date on which searches are conducted for records responsive to this request: <input type="checkbox"/></p> <p>a. Any petition, and any accompanying justification or analysis, that the Department of Transportation's Maritime Administrations (MARAD) submitted to the Office of Personnel Management (OPM) recommending the placement of position[s] into Schedule Policy/Career ("P/C"). Schedule P/C is the schedule in the excepted service created by President Trump's Executive Order No. 14,171, 90 Fed. Reg. 8,625 (Jan. 20, 2025). According to a January 27, 2025, memorandum, OPM instructed federal agency heads to submit interim recommendations for reclassification of positions into Schedule P/C on or before April 21, 2025. The memo provided agencies an additional 120 days (i.e., until August 19, 2025) to "finalize their review [of positions] and submit any remaining petitions." <input type="checkbox"/></p> <p>These petitions would likely have been submitted to OPM via email at employ@opm.gov with the email header reading "SUBJECT: Schedule Policy/Career.". The petitions may have been submitted on a rolling basis and this request seeks all submissions of petition to OPM. <input type="checkbox"/></p> <p>b. If the petition(s) submitted to OPM and any accompanying justification or analysis did not set forth the reasons MARAD believed these position[s] met the criteria for placement into Schedule P/C, documents sufficient to explain why MARAD officials believed the position[s] met those criteria, whether or not MARAD sent such documents to OPM. Executive Order 13,957, as amended, requires all agency petitions to "include a written explanation documenting the basis for the agency head's determination that such position[s] should be placed in Schedule Policy/Career." <input type="checkbox"/></p> <p>2. In addition to the records requested above, we also request records describing the processing of this request, including records sufficient to identify search terms used and locations and custodians searched, and any tracking sheets used to track the processing of this request.
